BD-22312	CLIP FOR FUZZY STRIP	10	Attaches fuzzy window seal; five per side
18-2723	BEZEL PAD	3	Under chrome windshield wiper bezels
18-2752	MUDSHIELD SEAL	7'	Mud shields under bonnet; riveted in place

Notes:

- 1: These were fitted to the rear of later cars, but many customers prefer to fit them at all attaching points. Use as you see fit.
 - 2: We liberally coat this and the chrome with WD40, install chrome and clamp. Trim flush the next day. The WD40 acts as a solvent to soften the rubber and ensure a tight seal. The rubber is supposed to stay soft.
 - 3: There are two tail lamp configurations but only one gasket type is available. You may have to trim the middle to clear the bulb sockets.
 - 4: A coupe A-Post seal is supplied. Cut for roadster.
 - 5: A coupe windshield is supplied. Cut for roadster.
 - 6: Does not have pre-drilled holes. Holes for attaching rivets must be cut by customer.
- Also note that you might not receive one continuous piece of rubber in some cases where the items is sold per foot. You might receive two pieces at least five feet long when the car requires a total of ten feet.
